Chunyou Su

Frontend Developer

Phone: (510) 612 0030 | Email: chunyousu.we@gmail.com | Website: www.chunyou-s.com
Linkedin: Chunyou Su | Address: Alameda, CA

Aspiring web developer. Always seeking opportunities to expand my knowledge and skill in the industry. My goal as a developer is to build applications that make everyday life better and more entertaining.

Skills

- HTML, CSS, JavaScript
- React, Bootstrap
- Node.js + Express, Python + Flask, Java
- MongoDB, Git, GitHub, Docker(familiar)
- AWS (familiar): S3, Route53, Cloudfront, Elastic Beanstalk

Projects

REACT PORTFOLIO

February 2022 - March 2022

- Single page website using React
- Hosted on AWS S3. Used Route53 for domain registration and DNS routing. And AWS Cloudfront to improve content delivery.
- Visit: Live | Github

STORY SHARING WEB APP

August 2021 - November 2021

- A story-writing website that allows users to write and publish stories. Readers can leave comments and ratings.
- Include user authentication. User data is stored on MongoDB's cloud database.
- The writing editor is built with Editor.js. Images inside writings are uploaded to ImgBB using the ImgBB API. Url links to these images are also stored in MongoDB.
- The site is hosted on Heroku and Elastic Beanstalk.
- Visit: Live | Github

HEALTH COUNSELING WEB APPLICATION

January 2021 - November 2021

- Python + Flask backend. Used ImgBB'S API to store profile pictures.
- Utilized Bootstrap for frontend development. And Chart.js for data visualization.
- Database schema design for different user types.
- Visit: Live | Github | Video

Education

SAN JOSE STATE UNIVERSITY   San Jose, California
Software Engineering   2018 - 2021
